FNCA Ministerial Level Meeting 2021

Country Report: Australia

Mr John Edge

Chief Operating Officer

Science. Ingenuity. Sustainability.

National Radioactive Waste Management Facility

Kimba
South
Australia

“Along with the benefits comes a responsibility to manage the by-products. Without a facility like this, we can't enjoy the benefits from vital nuclear medicines on an ongoing basis.”

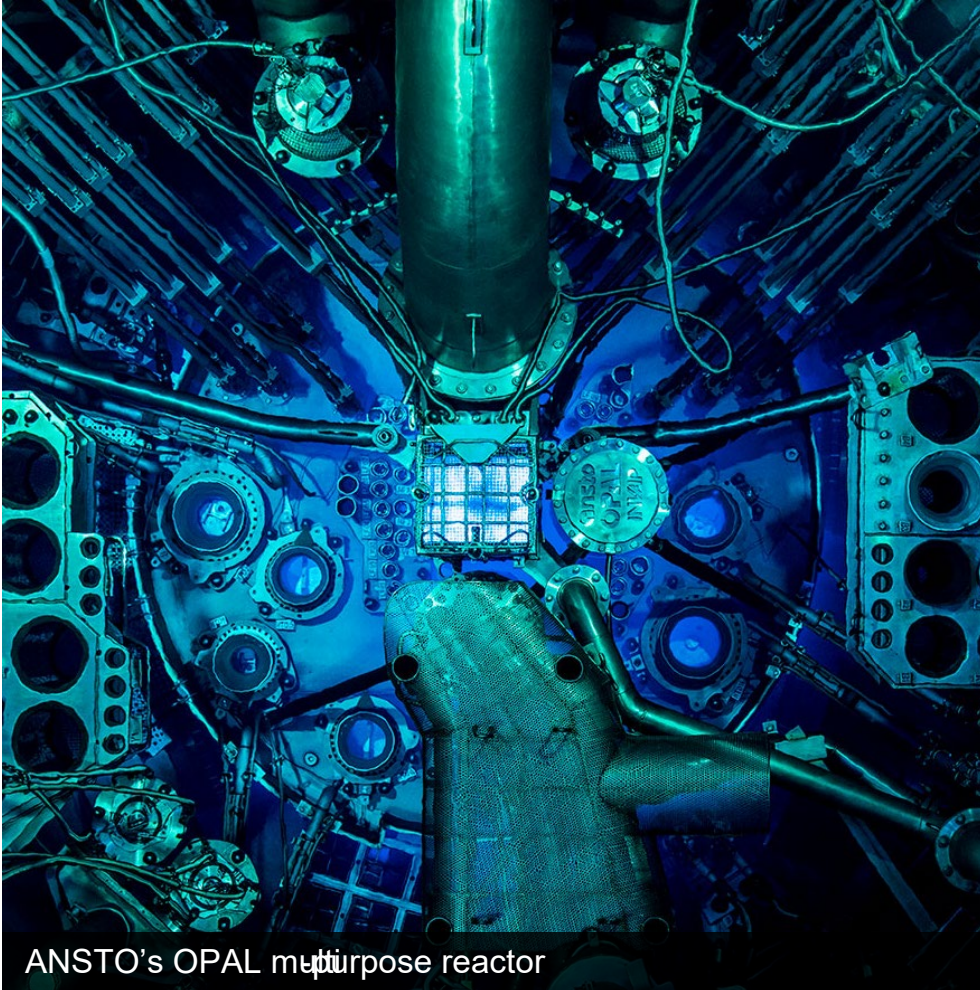

Hon Keith Pitt MP
Minister for Resources and Water

November 2021

Artist's impression of proposed facility

Nuclear medicine supply

Nuclear medicine production update
